

Advent True or False Game

Need: clothes pin, two containers; one labeled TRUE and the other False

Directions: Divide the students into teams or have them compete against one another if your class is small. Read to a student a **True** or **False** question about Advent. The student has to put the clothes pin between their knees and walk to one of the containers and drop the clothes pin inside to answer the question. If they are correct, they get a point. Repeat the process several times. The team/student with the highest score wins.

Sample questions:
